**Subject:** notification of dye test  
  
**Flag:** Follow up

Mike, I just talked to Mr. Oxsalida, he said he phoned, not emailed, (I had thought he emailed) IDEM and the Coast Guard last week. He said he phoned a non-emergency spill line at IDEM, and the Coast Guard. He is going to get me the exact numbers, and when he called, when he gets back to his office in Ohio this coming Friday.

**Subject:** RE: CTP tank filling

Tom-  
Could you please let me know who at IDEM and the USCG they notified?

**Subject:** CTP tank filling

Mike, tank filling will go faster than I was originally told. There should be no flow from the CTP from 8 a.m. Thursday (tomorrow) to 12 noon.

In regards to the dye test, Matt Oxsalida who works for Amendola Engineering did notify IDEM and the Coast Guard via email about the dye test last week, but I should have called again yesterday with specifics.
